Subject: "SRNT Position Statement on Philip Morris External Research Program"

Dear Max,

Just in case you have not seen the attached "SRNT Position Statement on Philip Morris External Research Program" found on the Society for Research on Nicotine and Tobacco (SRNT) web site (http://www.srnt.org/resources/philipmorris.htm),

I would like to draw your attention to some comments on the language of the first RFA in the "Discussion" section, which might be relevant for the clarity of future program descriptions.

Regards,

Mingda
